

Small Valentine Gift Bag Instructions

Lady Behind The Party

SUPPLIES

- white cardstock paper
- good scissors
- folding tool or tool to make perforations (optional)
- low temp glue gun
- tape for the label

1. cut along solid lines
2. fold all dash lines—using a folding tool or perforation tool
3. bring the side with the flap around to the opposite side, bringing the small bottom flaps inside the bag and the larger flaps on the outside. As you do that make sure the side flap is also on the outside of the bag.
4. tape or glue one of the large bottom flaps (positioned over all the flaps) to close the bottom and tape or glue the side flap to the back to close the sides.
5. at the top of each side, pinch together the back to the front—making sure the center goes towards the inside of the bag.
6. bend over flap, ape on label top close.
