

# HOW TO SET UP THE HUNT TRAIL GAME:

1. Glue envelopes (already put together) and station numbers onto a wooden dowel or balloon stick (one per station).
2. Scatter around the game area (some can even be hidden).
3. OPTIONAL: Add balloons to the last station.
4. Insert the numbered cards of each player into the station mini bags that have been attached to the plastic rods or wooden dowels.

EXAMPLE: The number on each card represents the station. All cards with the #7 will be in the station 7 envelope.

**Everyone's a Winner!**

# HOW TO PLAY THE HUNT TRAIL GAME:

1. Each child will receive a Secret Decoder Card and a hunt card labeled # 1 (there are enough cards for 8 players)
2. Each child will have their own letter.
3. Example: Player A—for every stop the player will choose their letter (A) among the cards.
4. Use the secret decoder card and move to the next stop (numbered station).
5. Continue until player reaches the final stop.
